EDUCATION

- Bachelor of Computer Science (B.sc), 2025
- HSC (Science), 2022
- SSC, 2020

OBJECTIVE

Data Enthusiast with a Bachelor of Computer Science, seeking an entry-level opportunity to apply Python, SQL, and analytical skills in real-world data-driven environments while continuously learning and growing.

TECHNICAL SKILLS

- Languages: Python
- Databases: MySQL
- Tools: Excel, Power BI
- Concepts: Probability & Statistics
- Version Control: Git, GitHub

SOFT SKILLS

- Problem Solving & Critical Thinking
- Quick Learner with Continuous Improvement Mindset
- Clear verbal and written communication
- Team Collaboration

PROJECTS

Employee Management System (EMS) | Python, MySQL, Excel, Git/GitHub

- GitHub: - <https://github.com/Nikhil221003/EmployeeHub-main>
- Developed a Python-based system to manage employee records with CRUD operations.
- Designed and implemented a MySQL database for structured employee data storage.
- Implemented search and filtering functionality for efficient record retrieval.
- Enabled data import and export using Excel/CSV for basic data handling.
- Used Git/GitHub for version control and project management.

FinSight—Financial Anomaly Detection & Risk Analytics | *Python, MySQL, Scikit-learn, Power BI*

- GitHub: - <https://github.com/Nikhil221003/FinSight->
- Analyzed 284,807 real credit card transactions on a highly imbalanced dataset (0.17% fraud rate)
- Built end-to-end ML pipeline: EDA, data cleaning, statistical analysis, anomaly detection, and classification
 - Applied Isolation Forest (detected 490/492 fraud cases), Logistic Regression, and Random Forest (F1: 0.890, ROC-AUC: 0.905)
- Engineered a 0-100 risk scoring system with automated alert thresholds for business action
- Built Power BI executive dashboard; confirmed fraud vs. normal difference via T-Test ($p = 0.002$)

CERTIFICATIONS & TRAINING

- Data Science and Analytics Training – Seven Mentor IT Training Institute
- Hands-on training in Python, SQL, Power BI, Excel, and Probability & Statistics

EXPERIENCE

Fresher – Open to Internships & Entry-Level Opportunities
